1. Use the 5" Bolts, to secure the two side panels onto the front panel of the bar as shown in the picture Fig.1. Then do the same for the back panel with the doors. Make sure to match the labels. *Do not tighten bolts completely so that it is easier to install the shelf supports.

2. Insert two shelf support pieces on each side of the bar as shown in Fig. 2. For TB-20 and TB-25 no bottom shelf support setup is needed, it will slide through the bottom.

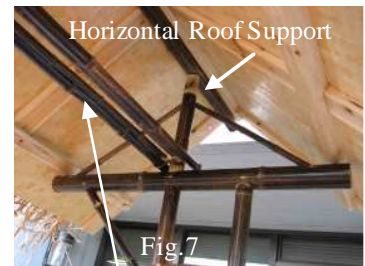

3. Insert the bottom and top shelves on top of the shelf supports. As shown in Fig. 3.

4. Place the countertop matching the labels at the sides of the bar as shown in Fig. 4

5. Insert the roof uprights into the pre-drilled holes on top of the counter as shown in Fig. 5

6. Using the 4" bolts provided, secure the feet of the roof uprights from inside the tiki bar as shown in Fig 6.

7. Secure the hinged bamboo roof on top of the horizontal roof support.
